1. Purpose

DEPARTMENTAL OPERATION & MAINTENANCE STANDARD

2. Scope

ENVIRONMENTAL POLICY

At Movenpick Hotel Centaurus Islamabad, we embrace our role as a global hospitality leader with a deep commitment to environmental sustainability. Guided by our Environmental Policy, we actively work to minimize our ecological footprint and protect the planet for future generations.

We are dedicated to driving meaningful change through the following key initiatives:

- Full compliance with environmental laws and regulations—ensuring our operations meet and exceed standards.
- Efficient resource management—conserving water, energy, and materials through continuous monitoring and innovation.
- Sustainability awareness—engaging and educating both our team and our guests to foster a culture of environmental responsibility.
- Sustainable procurement—aligning our purchasing practices with environmentally responsible principles.
- Eco-friendly operations—prioritizing the use of biodegradable, non-toxic cleaning products.
- Community engagement—actively supporting local initiatives, charities, and sustainable businesses.
- Pollution prevention—reducing waste through recycling, responsible disposal, and proactive waste management programs.
- Continuous improvement—striving to enhance our environmental and social impact through measurable goals and regular assessments.

Our ultimate goal is to build a greener, more sustainable future—benefiting our guests, team members, investors, and the wider community—while upholding the highest standards of quality, safety, and service. Through purposeful action and responsible leadership, Mövenpick Hotel Centaurus Islamabad is proud to set a benchmark for environmental excellence within the hospitality industry.

a) **Validity**

This policy can be terminated at any point of time by the management without any further notice.
